

# Fuel injection/ electrical management

Automotive Electronics.

## Customer benefits:

- Easy to apply
- Isotropic conductive/ low current electrical interconnections
- Equipotential bonding
- Connecting of various conductive materials
- Customized solution/ tailor-made according application/ drawing
- High grade of accuracy/ tight tolerances
- Die-cutting of various geometries possible

## Products:

- DuploCOLL® 28930 EC

# Fuel injection/ electrical management

Automotive Electronics.
