

Clear Display Bonding

User Interfaces – Displays.

Customer benefits:

Highly cohesive optical clear system

Suitable for cleanrooms

Advantages to the liquid adhesive process:

- Simpler: die-cutting and laminating techniques
- Faster: no curing time needed
- Better thickness tolerances

Products:

- DuploCOLL® 20050 OC
- DuploCOLL® 20075 OC
- DuploCOLL® 20112 OC
- DuploCOLL® 20162 OC

Clear Display Bonding

User Interfaces – Displays.

DuploCOLL® 20050 OC

Film liner transparent	
Pure acrylic high transparent	50 µm
Film liner transparent	

Art No: 11 21 65

DuploCOLL® 20075 OC

Film liner transparent	
Pure acrylic high transparent	75 µm
Film liner transparent	

Art No: 11 21 66

DuploCOLL® 20112 OC

Film liner transparent	
Pure acrylic high transparent	112 µm
Film carrier high transparent	
Pure acrylic high transparent	
Film liner transparent	

Art No: 11 21 67

DuploCOLL® 20162 OC

Film liner transparent	
Pure acrylic high transparent	162 µm
Film carrier high transparent	
Pure acrylic high transparent	
Film liner transparent	

Art No: 11 21 68
